Planning Stuffs:
- Branches
    - One 'frontend' and one 'backend' branch
    - Each branch for a feature
    - All PRs must be reviewed and approved with one person (who does user testing)
- Kanban Board per sprint
    - We will use Issues
- Scrum Stuff:
    - Scrum Logs committed & a PR will be created to merge every week
    - Scrum Meetings are: Thu 9:30am & Mon 7:00pm
- Team Breakdown:
    - Ishneet - Frontend + API Integration
    - Johnny - Backend + API Integration
    - Heman - Backend+ Security + DevOps

TODO:
- Setup GitHub Projects (during next scrum)
- Ishneet: Basic Page Setup + Navigation
- Heman: Upload Scrum Log
