Done:
- Heman
    - Merged Johnny's PR
    - Nearly finished with Map API Implementation
        - Note. splitting up body into two components
- Johnny
    - Test Trefle API Endpoints
    - Work on Forum API + Mongo Storage
    - Finish Forum Pages
- Ishneet: reviewing the application and figuring out next steps in meantime while waiting for Trefle API testing and other react components

Planning Stuffs:
- None

TODO:
- Ishneet: work on trefle api integration to populate plant info page and make sure the application is standardized
- Johnny and Heman: work on user authentication
